

Programs

ITT Aerospace Product lines are continually expanding to provide our customers with solutions for applications in commercial, business and civil aviation as well as military and cargo aircraft. Our extensive knowledge and experience within these industries enable us to provide our customers with superior analysis, products, services and support.

Aerospace Controls

Commercial Transport
• Boeing 707, 717, 737, 747, 757, 767, 777, DC8, DC10, MD11, MD80
• Airbus A320 Series, A330, A340, A350, A380

Military Programs

• Boeing F-15, F-18, C-17, KC135, CH47, V22, AH64, B52, 707, 767 Tanker, P8A Poseidon
• Lockheed Martin F-16, F-22, F-35, C-130J
• Airbus A330 MRTT, A400M
• Raytheon Paveway Missile, Radar Systems
• Eurofighter JAS39 Gripen

Regional and Business Jets

• Embraer 120, 135, 145, 170/175, 190/195, Legacy 600, Phenom 100
• Cessna 172, 182, 208, 525, 550, 560, 650, 750
• Gulfstream IV, V, G100, G200, G650
• Bombardier 604, Global Express
• Canadair CRJ100/200, CRJ700, CRJ1000
• Dassault Falcon 50, F900EX, F2000EX, 7X

Rotorcraft

• AgustaWestland AW101, NH90, AW109, AW129, AW139, AW149
• Sikorsky UH-60
• Bell 206, 407, 412, 427, 429
• Eurocopter AS365, EC175, EC225, EC275, AS332, Dauphin, HH-65A

Enivete

Commercial Transport
• Boeing 737, 747, 757, 767, 777, 787
• Airbus A320 Series, A330, A340, A380

Regional and Business Jets

• Embraer 135, 145, 170, 190
• Bombardier RJ700, 900, 1000
• Cessna 172, 182
• Gulfstream G650

Enidine

Commercial Transport
• Boeing 737, 747, 757, 767, 777, 787
• Airbus A320 Series, A330, A340, A380

Regional and Business Jets

• Embraer 135, 145, 170, 190
• Bombardier RJ700, 900, 1000
• Cessna 172, 182
• Gulfstream G650

Interconnect Solutions

Commercial Transport
• Boeing 737, 747, 757, 767, 777, 787, DC10, MD11, MD80
• Airbus A320 Series, A330, A340

Regional and Business Jets

• Embraer 120, 135, 145, 170/175, 190/195
• Gulfstream IV, V, G100, G200, G650
• Bombardier RJ700, 900, 1000
• Dassault F900EX, F2000EX
• Comac 919

Rotorcraft

• Sikorsky UH-60
• Bell 407, 412, 427, 429
• Eurocopter AS365, EC175

Global Presence

ITT is a diversified leading manufacturer of highly engineered critical components and customized technology solutions for growing industrial end-markets in energy infrastructure, electronics, aerospace and transportation. Building on its heritage of innovation, ITT partners with its customers to deliver enduring solutions to the key industries that underpin our modern way of life.

ITT Motion and Flow Control provides lightweight and reliable aviation products that aerospace engineers demand and passengers deserve.

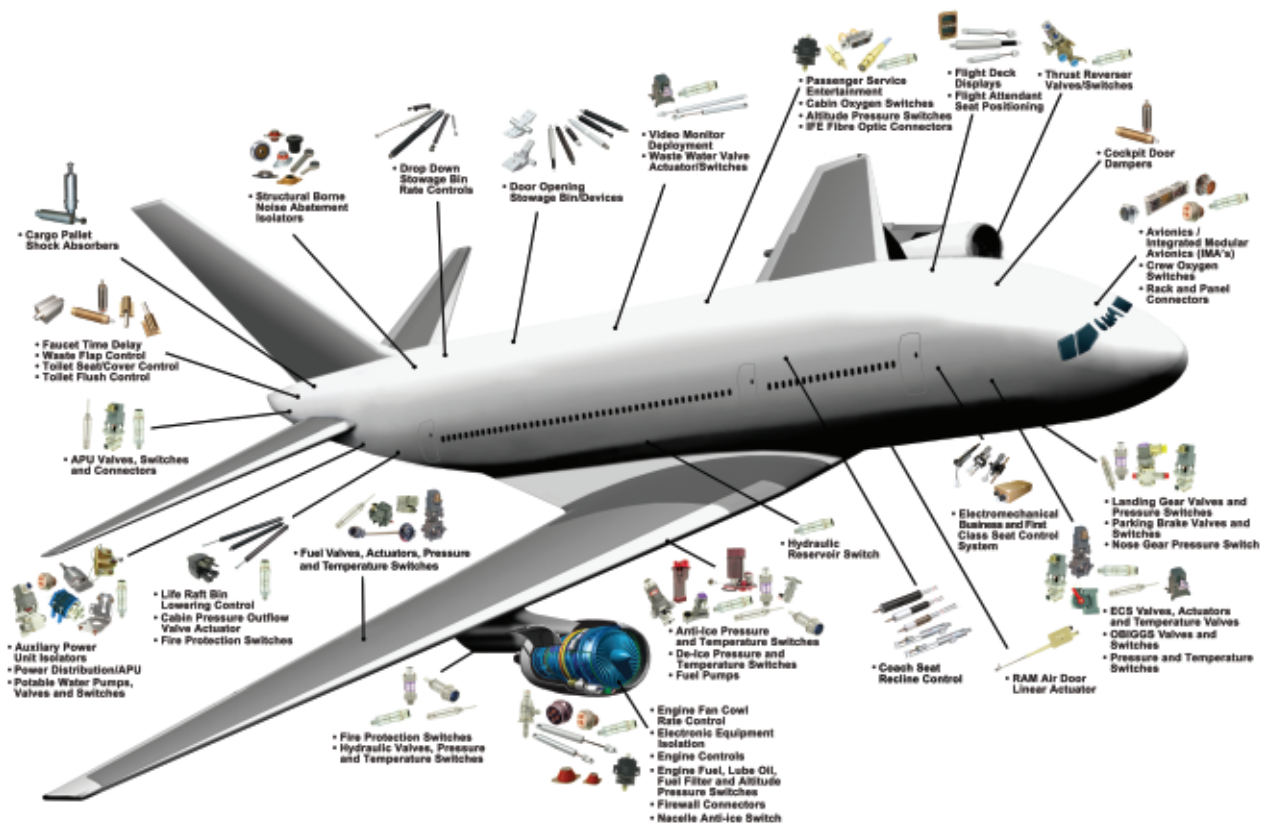

Founded in 1920, ITT is headquartered in White Plains, NY, with employees in more than fifteen countries and sales in more than 125 countries. The company generated pro forma 2010 revenues of approximately \$2 billion. For more information, visit www.itt.com.

ENGINEERED FOR LIFE

Growing with ITT Aerospace Products

COMMERCIAL AVIATION SOLUTIONS

Aerospace Controls

ITT Aerospace Controls is a market leader in design, development and manufacture of fluid control devices, electromechanical actuators and switches for the aerospace industry. We serve commercial and military aerospace, military ground vehicles, and missile programs.

Typical Products

- Rotary and linear actuators
- Fuel boost, override and scavenge pumps
- Potable water pumps
- Fuel, hydraulic, water, and pneumatic valves
- Temperature, pressure and flow switches

www.ittaerospace.com

ITT Enidine Inc.

With the newest innovations in technology, ITT Enidine offers the widest selection of energy absorption and vibration isolation products in the world. Protecting cabin interiors from noise and vibration to seat recline products, we are continually striving to improve the safety and comfort of passenger and crew.

Typical Products

- Seat locks and cables
- Interior vibration isolators
- Engine control isolators
- Stow bin actuators/rate controls
- Main engine/APU isolators
- Elastomeric rod ends

www.enidine.com

Enivate

The ITT Enivate Seat Actuation System offers quiet and smooth repositioning when commanded by the passenger. Multiple seat segments are motorized with coordinated movement to convert upright seats into lie flat beds while still occupied by the passenger.

Typical Products

- Commercial aircraft seat positioning systems
- Business aircraft seat positioning systems
- Military aircraft seat positioning systems

Interconnect Solutions

ITT Interconnect Solutions' rich interconnect history embraces contributions which have become ubiquitous in a broad range of applications for the Aviation industry. Pioneering the first "K" series circular connectors on early DC-1's and early "AF" series firewall connectors in DC-3's, "Cannon Plugs" have become synonymous with Aviation quality and historical interconnect applications.

Typical Products

- Rack/Panel connectors
- Circular connectors
- D-sub connectors
- Microminiature connectors
- RF connectors
- High speed copper Quadrax
- Fiber optic assemblies (ARINC 801)
- Custom wire harness
- Filtered connectors
- Hermetic connectors
